Fire resistant filing cabinet

PRECISION
BY **DEXION**

Introduction

When it comes to your important, sensitive company documents – you simply can't afford to have them laying around.
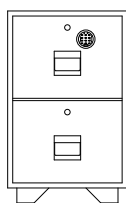

Fire Resistant Filing Cabinets are tested in a furnace to 600 degrees Celsius for one hour to ensure they are up to the task!

So if you have documents that need serious protection – we have the filing cabinet for you.
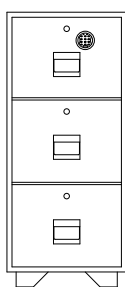

Features

- Top drawer combination lock control
- Selective locking system that permits locking of any drawer independently or collectively
- Adjustable dividers for each drawer
- All drawers independently fire resistant, should one drawer be left open the others will remain fully protected
- Rugged suspension allowing the drawer to roll effortlessly even when fully loaded with files
- Capacity 100kg per drawer
- Castors are standard
- 10 year warranty
