

Product Stewardship Programme

How it works

Customers can recycle any product and claim a recycling credit against their next purchase of any Precision product.

1 Recycle Credit = Redeemed against 1 new unit purchased¹ (i.e. *multiple credits cannot be applied to a single purchase*)

1 Recycle Credit = \$10

Earn recycle credits against *any* product that can be recycled.

Any brand, Any product. The product being disposed of must, however, be recyclable².

Example: filing cabinet, lawnmower, printer, toaster, computer, washing machine, chair, refrigerator, boardroom table.....

Credits are only redeemed once a new Precision product is purchased³.

Only one credit can be redeemed per new unit purchased.

Reseller / General Consumer Process

Three easy steps...

One

Recycle any product preferably at www.simsmm.com/au/contact-us/

Two

Purchase your new Precision product from any authorized Precision reseller (retail outlet)

Three

Claim your recycling credit

a) Go to www.precisionworkspace.co.nz/productstewardship/claimform.pdf and download Product Stewardship Claim form.

b) Complete the claim form and send to:
Precision Product Stewardship Programme
Freepost Precision/Optim,
Dexion Commercial (New Zealand) Limited,
PO Box 39471,
Wellington Mail Centre,
Lower Hutt 5045

c) Upon receipt of claim⁴, Precision will process and forward credit either by cheque or direct credit to you.

¹ Recycle credits to be used in the purchase of shelving require approval from Precision prior to purchase.

² Refer to approved list of recyclable materials to see if your product can be recycled.

³ Proof of purchase and proof of recycling is required to process any claim.

⁴ If information is incomplete, claims will not be processed. Our Customer Services team will contact you to collect any missing information.
